

So much
< more >
than a scholarship.

**Apply to the
Amazon Future Engineer
Scholarship program.**

Prasamsa G.
Columbia University

The Amazon Future Engineer Scholarship offers high school seniors up to \$40,000 for college plus summer internship opportunities at Amazon. Selected scholars also join a supportive community with access to mentorship and professional development.

Ready to power your future in tech? Here's how:

1. Engage

You've got what it takes! Our scholars come from all across the nation, sharing one common trait: a passion for technology and problem-solving.

Meet a recent winner below:

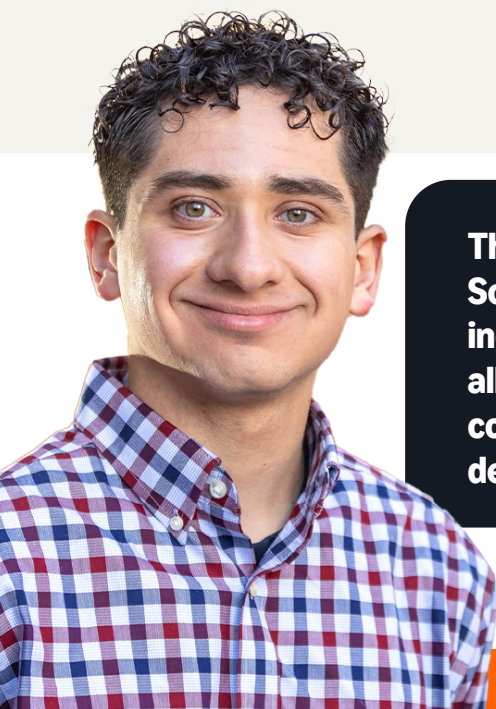

2. Prepare

Start gathering your materials:

- Share your experiences through short essays (1000 character limit including spaces)
- Find a trusted educator to complete a brief survey
- High school transcript
- Parent's/Guardian's 1040 tax document

3. Apply

Applications open November 10, 2025 and close January 15, 2026 (no extensions). Apply through Scholarship America or with the Common App.

The < Amazon Future Engineer Scholarship > has been an incredible opportunity that allows me to pursue my studies in computer science with focus and determination.

Anthony T. Arizona State University
